

LINN

Linn Klyde

Product Information

A high performance moving-coil cartridge for superb music retrieval.

- Strong alloy body to allow secure fixing to the headshell
- Sensitive transducer to optimise signal retrieval
- Precision suspension cantilever and nude diamond stylus for long life and minimum surface noise
- Precision assembly and gold contacts to protect music signal

Technical Specifications

Introduction 1992

Type Low Output Moving Coil Tracking

Compliance 10cu

Recommended Load >50 ohms

Output 150uV

Stylus Vital

Weight 8.0g Pin

Connection 1.2mm gold-plated pin

Separation at 1kHz >30dB

Channel balance at 1kHz Within 0.5dB

Recommended Arm Rigid, medium mass

Weight 1.55g-1.75g
